# GATE & PERIMETER ACCESS SOLUTIONS

## RAPID ACCESS, WHEN AND WHERE IT IS NEEDED MOST

Time is critical during an emergency response. Locked gates, fences, or similar barriers can delay first responders from getting to where help is needed most. Knox Rapid Access Solutions provide a faster and safer approach to access into highly secure compounds, communities, or apartment buildings with Knox Gate & Key Switches<sup>®</sup> and Knox Padlocks<sup>®</sup>. First responders can open electrical gates, manual gates, and roll-up doors – all without delay, force, or damage.
